Senator Muhammad Talha Mahmood

Chairman, China-Pakistan Economic Corridor Council

The profile of Senator Muhammad Talha Mahmood as Chairman of China-Pakistan Economic Corridor Council is as follows:

Senator Muhammad Talha Mahmood is an elected Senator on general seat from KPK. He was elected to the Senate in 2006 and was re elected as a Senator for the second term in 2012. He has served as the Chairman Senate Standing Committee on Interior and Narcotics Control for three consecutive terms. He is the Chairman Senate Standing Committee on Cabinet Secretariate and Establishment Division in the Senate of Pakistan as well.

He is very keen on highlighting the important issues regarding security of Pakistan. He has also taken special interest in solving the problems of overseas Pakistanis. He has contributed to improve the oversighted role of the Senate in the capacity of Chairman Senate Standing Committee on Interior and Narcotics control.

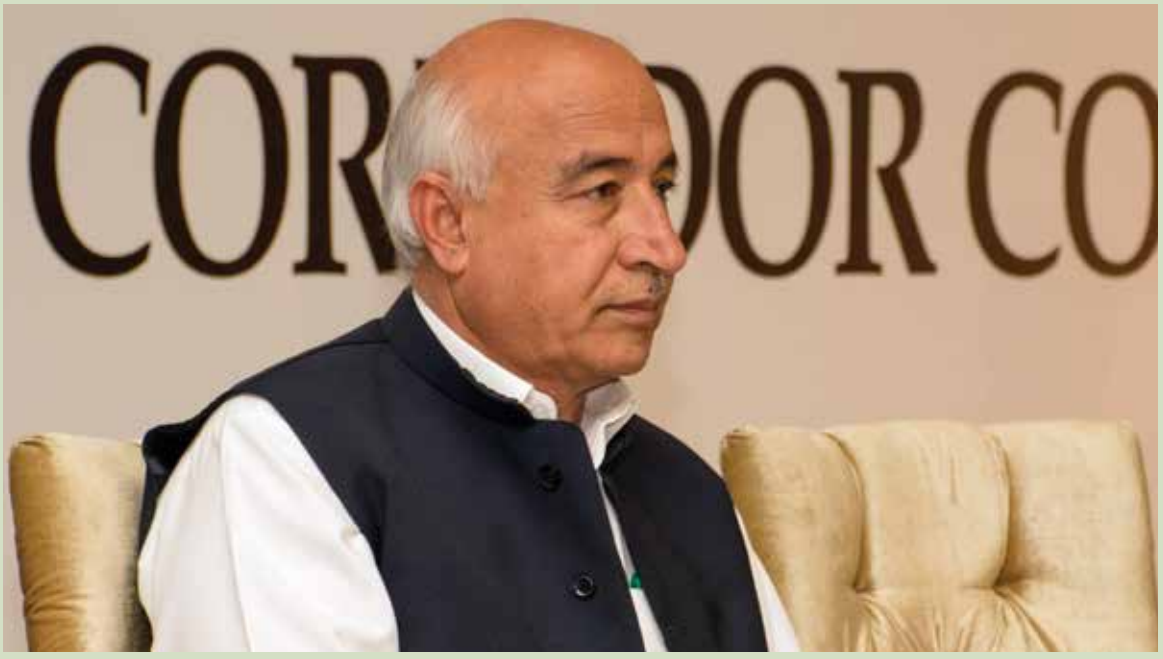

Dr Abdul Malik Baloch

Patron-in-Chief, China-Pakistan Economic Corridor Council

The Patron-in-Chief of the council will be the Chief Minister Balochistan. The profile of Chief Minister Balochistan (Presently Dr. Abdul Malik Baloch) is as under:

Dr Abdul Malik Baloch is the President of National Party and belongs to Turbat-Gwadar constituency. The entire administration of local government of Gwadar is from Dr. Malik's National Party. He started his political career under the platform of Baloch Students Organization (BSO). In 1987, with the collaboration of his senior political fellows he established a nationalist political party, Balochistan National Movement. He contested election the same year. He won his Balochistan National Assembly seat and became the Provincial Health Minister in Nawab Akbar Khan Bugti's cabinet. He has also served as the Provincial Education Minister, in 1993. In 2003, the political followers of Mir Ghaus Bakhsh Bizenjo merged in the BNM and became National Party. He was elected as Senator in 2006. He was elected as President of National Party in 2008. He became Chief Minister of Balochistan on 7 June 2013.

REPORT

on the Launching Ceremony of China-Pakistan Economic Corridor Council

Since the conceptualization and start of discussion and signing of agreement on July 3rd, 2013 between Pakistan and China on China-Pakistan Economic Corridor, Senator Muhammad Talha Mahmood felt that there should be some forum in private sector which should help and assist the people, the NGOs, the Chinese companies and the governments of both the countries for the better implementation of projects under this fate changer framework Towards this end. Senator Muhammad Talha Mahmood held meetings with bay figures in Pakistan who are directly involved in the China-Pakistan Economic Corridor. The Following meetings depict the interest taken and efforts made by Senator Muhammad Talha Mahmood during which he floated the idea of formation of China-Pakistan Economic Corridor Council and ultimately decided to launch it formally so that it can serve as a platform with in its specified objectives:

Chief Minister Balochistan presently Dr. Abdul Malik Baloch is the patron-in-Chief and Senator Muhammad Talha Mahmood is the Chairman of China-Pakistan Economic Corridor Council.

The China-Pakistan Economic Corridor Council was formally Launched on April 8th, 2015.

The launching Ceremony was organized and hosted by Senator Muhammad Talha Mahmood in The Marriott Hotel Islamabad which was Chaired by the Patron-in-Chief and attended by the Federal Minister for Planning & Development, Chairman Senate, Senators, Members of National Assembly, Ambassador of China in Islamabad, representatives of more than 32 countries in Islamabad, Members of Provincial

Assembly of Balochistan, Speaker Gilgit Baltistan Assembly, Prominent Personalities, Intellectuals, Anchorpersons, Media and a large number of ladies and gentlemen from all over Pakistan which reflected the importance attached to the China-Pakistan Economic Corridor Council. Many prominent personalities expressed their views on the China-Pakistan Economic Corridor Council. The views expressed by the speakers on the occasion are summarized below.

The launching ceremony started with the recitation of the Holy Quran. The entire event was moderated by **Ms. Sidra Iqbal**, a young talented anchorperson.

(i) **Sayed Ghulam Shah Bukhari**, Vice Chairman China-Pakistan Economic Corridor Council was the first speaker. He is the advocate supreme court of Pakistan, Chairman Solidarity for Peace, Member Indigenous and Minority Commission of UNO. He informed the audience that the Senator Muhammad Talha Mahmood-the Chairman of the China-Pakistan Economic Corridor Council has made a lot of efforts for the last many years for the formation of China-Pakistan Economic Corridor Council. He further said that the China-Pakistan Economic Corridor project will not only benefit people of two countries but also the world at large. China-Pakistan Economic Corridor Council consists of like minded people who want peace and

development in the region. The Council believes that for any project to succeed, the involvement and ownership of the local is extremely important so that its benefits are not confined only to the privileged few but the common people also benefit equally.

(ii) After the first Presentation, a Documentary showing snaps of Gwadar port, relevant places of China-Pakistan Economic Corridor project were shown which faccinated the audience very much.

(iii) **Mr. Adil Rashid** - President China Overseas Port Holding Company (COPHC) was the second speaker who informed that the China-Pakistan Economic Corridor connects economic agents along a defined geography. It is basically about connectivity. China-Pakistan Economic Corridor is not just one corridor. It will shorten travelling distances between China and South Asia, between south Asia and Central Asia and between Europe, South Asia and Central Asia as well as provide a corridor between Islamabad- Tehran and Istanbul.

(iv) **Mir Ghazanfar Ali** - Mir of Hunza said that China-Pakistan Economic Corridor will not only benefit Gilgit-Baltistan and Pakistan but it will be of immense benefit to the world at large. The people of Gilgit –Baltistan have many expectations from both Pakistan and China. He emphasized that there is great potential of hydroelectric power in Gilgit-Baltistan. Therefore, this potential should be fully exploited. Similarly, export of local products from Gilgit-Baltistan to China should be facilitated to boost economy of the area. Gilgit and Kashgar may be declared as sister cities.

(v) **Mr. Sun Weidong**-The Ambassador of China in Islamabad said on the occasion that Pakistan and China have been mutually supporting each other very closely. The most recent example of mutual cooperation between both the countries is that a Chinese ship evacuated about 187 Pakistanis from Yemen. Similarly Pakistan International Airlines have evacuated 08 Chinese by carrying them from Yemen to Karachi. He informed the audience that at the time of earthquake in Balochistan in 2013, China provided US $ 5.0 million as assistance for the rehabilitation of people affected by the calamity. Moreover, School buses were donated to the schools in Gwadar. In 2010, there were floods in Northern Areas and the Government of China provided food and non food supplies to the Government of Pakistan for the flood affected people. A Chinese company is constructing bypass at Ata Abad Lake in Hunza. In KPK China is constructing a number of hydro-power projects. The Government of China has provided US$ 18.0 million for IDP's in KPK who were affected by the Operation Zarb-e-Azab. The students of Army Public School were invited to china to enable them to recover from the tragedy caused by the terrorists on December 16th, 2014. China is willing to work with Pakistan for mutual closer cooperation as Pakistan has great potential for economic development.

The Chinese Ambassador very much appreciated the efforts made by Senator Muhammad Talha Mahmood for the formation of China-Pakistan Economic Corridor Council. He said that the Council will consist of prominent personalities from different segments of population. The Chinese embassy in Islamabad has helped a lot in the formation of China-Pakistan Economic Corridor Council. He said that during the last two years, Working Groups of both countries have held many meetings and held discussion on the China-Pakistan Economic Corridor. He said initially four sectors will be focused that include energy, infrastructure, institutions and Gwadar Port. Afterwards, agriculture, tourism and finance will also be covered under the China-Pakistan Economic Corridor framework.

(vi) **Mir Naveed Jan Baloch** of Gwadar Chamber of Commerce appreciated Chinese investment in Balochistan. He said that if the people of Balochistan are beneficiaries of the Chinese investment, then there will be no insurgency. He proposed that preference in hiring for employment should be given to local people and 5.0 % of the profit earned from investment in Balochistan should be invested back in social sectors in that province.

(vii) **Dr. Ishaq** Baloch, Coordinator between UN and Government of Balochistan, said that the people of Balochistan want development China-Pakistan Economic Corridor will bring change in their lives through development. However, no development will be sustainable without participation of local people. The province of Balochistan has lot of resources. Therefore, the Government of Balochistan has organized a Development Forum for the development of infrastructure, institutions and natural resources to benefit from the China-Pakistan Economic Corridor.

(viii) **Mr. Wazir Baig** - Speaker of the Gilgit Baltistan Assembly emphasized that the area of Gilgit-Baltistan should be developed with the help of Chinese investment as the people of that area liberated

themselves from the Dogra Laj and joined Pakistan of their own free will. Therefore, the people of his area will only get benefit if the area is developed with Chinese investment under the China-Pakistan Economic Corridor framework.

(ix) **Mr. Ahsan Iqbal Chaudhary**, Federal Minister for Planning & Development said that the China-Pakistan Economic Corridor is not between two Governments but between two nations. The project is not game changer but fate changer and reflects strong bilateral relations between two countries. The world is moving out of Geo-politics towards Geo economics. The agreement to initiate work on Pak-china Economic Corridor was signed on July 3rd 2013. It is the most transformational project of the 21st century. The future of world economic growth lies in Asia. There are three engines of growth, South Asia, China and Central Asia & Middle East. The project will benefit over 3.0 billion people of the world. All regions of Pakistan will benefit under the China-Pakistan Economic Corridor framework. Chinese companies will invest in ENERGY Sector that include hydropower projects, solar energy projects and coal energy projects, Thus over the next ten years, 6600MW energy will be produced. Similarly Gwadar will be developed as an International Port. Gwadar Airport will be developed as an International Airport with landing and take-off facilities for the latest aeroplanes of International airlines. An Economic zone will be developed where Chinese companies will set up manufacturing plants. A Training Institute will be established in Gwadar to impart training to the local people.

At present there is only one road called Coasted Highway which links Gwadar with Karachi. Under the China-Pakistan Economic Corridor, a multiple network of roads will be developed. Under one alignment, Gwadar will be linked with Peshwar by road passing through Turbat, Basima, Quetta and D.I Khan, Under another alignment, Gwadar will be linked to Sukhar via Ratto Dero. To sum up the China-Pakistan Economic Corridor will be a strategic partnership between Pakistan, China and the whole region..

(x) **Senator Muhammad Talha Mahmood**, the Pioneer, the Moving Spirit and the Chairman of the China-Pakistan Economic Corridor Council said that the success of any international project to the maximum extent, depends upon the support and involvement of the local community/people. Therefore, it will be very necessary to mobilize the local people to participate in the project and schemes to the carried out through the Chinese companies. Thus, this council shall emerge as a bridge between the government organizations and local people. To achieve the goal and designated purpose through this council, the local politicians of all levels, government officials and prominent figures are member of this council. As the Chinese companies are comingforth to execute work under the umbrella of China-Pakistan Economic Corridor Council, therefore it is imperative for local community and people to facilitate maximum support to Chinese companies for positive results.

Objectives of the council are:

1. **Contributing for the development and prosperity of the Nation.**
2. **Assist in the successful execution of the projects.**
3. **Well being for Chinese businessmen.**
4. **Coordination among Chambers of Commerce and federations between two countries.**
5. **Successful Business activity between Pakistan and China.**
6. **Play role to declare twin cities between Pakistan and China.**
7. **Motivation of Chinese orgnisations to participate in welfare activities in the backward areas of Pakistan.**
8. **Improve health and education sectors of Pakistan with the help of China.**
9. **Promote the cultural and tourism programs between China and Pakistan.**
10. **Planning.**
11. **Performance measuring of the projects.**
12. **Play vital role to strengthen the relationship between Pakistan and China.**
13. **We will facilitate both governments for success of this project.**
14. **We will do lobbying for fast track completion of Economic Corridor.**

15. **We will work as bridge between local population and multi-national companies.**
16. **We will try to make policies to benefit local population from these projects.**
17. **We will introduce local- private partnerships.**
18. **For good and long lastic business environment we will give formula for sharing and resources.**
19. **We do arbitration between multi-national companies and government or other business partners when they need it.**
20. **We will work in social sector (CSR).**

China-Pakistan Economic Corridor Council is not just a name of any single road project rather its a portfolio of projects which include Gwadar Port with Khujrab through Western Central and Eastern routes to be executed simentously.

The Chairman of the China-Pakistan Economic Corridor Council individually thanked the Chairman Senate, Chief Minister Balochistan, Ambassador of China, Ministers, Senators, Members National Assembly, Members Provincial Assemblies, Government of Gilgit-Baltistan, Bureaucrates, Ambassadors, Deputy Ambassadors and Representatives of more than 32 countries in Islamabad and all the ladies & gentlemen who made their presence on the occasion.

(xi) **Dr. Abdul Malik Baloch**, Chief Minister Balochistan and in that capacity being the Patron-in-Chief of China-Pakistan Economic Corridor Council said that with the help of Council, we can strengthen relations between two countries. He emphasized on the full cooperation of the people of Pakistan to make the project successful. He said that the present government of Pakistan is pro-investment and wants to develop Gwadar on International Standards by establishing International Airport, Economic zone and a Training Institute in Gwadar.

CHINA-PAKISTAN ECONOMIC CORRIDOR COUNCIL

PRESS RELEASE

'Pakistan-China corridor win-win for both states'

By A Reporter

ISLAMABAD: The official visit of Chinese President Xi Jinping to Pakistan in coming weeks will mark the beginning of new geo-economic relations between the two countries, said Minister for Planning and Reforms Ahsan Iqbal on Wednesday.

Speaking on the launching ceremony of Pak-China Economic Corridor (PCEC) Council, the minister said that the corridor was not confined to a road or rail alignment.

"The corridor will complement other ports within and outside Pakistan through existing regional infrastructure," he added.

The minister said that the project was a win-win for both countries, adding that: "Pakistan will become the hub of business and trade in Asia, and western China will penetrate into Asian and European markets. It will cater to the needs of all federating units of Pakistan through proper rail and road network and multiple projects on energy within the next three years."

On the occasion, Chief Minister Balochistan Dr Abdul Malik said, "Gwadar, which means window of air, is now going to turn into window of opportunities."

The port was for all and anybody could invest in it, he said.

Chinese ambassador Sun Weidong said that the corridor would further cement the relations of two countries. Senator Muhammad Talha Mahmood also spoke on the occasion.
